INTERNATIONAL COMMUNITY ASSISTANT

CHRISTMAS CARDS 2010

The design for this year's Christmas Cards continues our tradition of featuring some of ICA's key projects in Albania.

Microcredit or Credit Unions have enabled many of the poorest in the community to work themselves out of poverty by providing start-up finance for them to set up small businesses. Such successful enterprises are illustrated on the card.

Front Cover

In the bleak midwinter
Sheltering under summer umbrellas as it snows in the mountains of Albania; these women are selling bananas to scrape a living.

A small sum is all that is needed to start their small business to support their families

Below:- Inside of Card and Greeting

From small shoots great things grow

A young man with a small loan runs his 'bakery'

Wishing you a
Happy Christmas and a Peaceful New Year
